Genes gained in Stylomatophora CC TreeMap

prospore membrane		3M complex		centrosome gamma-tubu	Ino80 complex	complex		heterochromatin		
	viral tegument		osome	intercellular bridge	meiotic spindle pole body	PcG protein complex	PcG protein complex spindle pole		chromosomal region chromosomal region	
	viral envelope	ciliary base		cell cortex of cell tip	host cell Golgi apparatus	host cell nucleus	host cell junction	polytene chromosome puff		
ас	dherens junction	medial cortex		midbody	host cell o	host cell cytoplasm	host cell Golgi membrane	kinetochore	condensed chromosome, centromeric region
