Genes gained in Isopoda CC TreeMap

Correct garried in receptual CC meeting										
neiotic spindle pole body heteroc		romatin	chromosome, centromeric regio	n ^{ki}	netochore	extracellular region	cellular bud	host cell membrane		
	kinetoch		nore							
			mating-type region		outer	cellular b	oud	host cell membrane		
chromosome, telomeric region	telomere cap complex		heterochromatin	spindle pole body	kinetochore	cellular bud neck	cell division site			
spore wall		acrosomal lu		egg c	horion	extracellular space	cellular bud tip	host intracellular part host cell plas membrane		
		modial c	ortov							
		medial cortex								
Mre11 complex		sperm principal piece		cell cortex of cell tip	medial cortex	virion component	viral membra	ne viral membrane	virion membrane
