Genes gained in ANGR1 CC TreeMap

apoplast	plasmodesma		collagen and cuticulin-based cuticle extracellular matrix	endoplasmic reticulum membrane endoplasmic reticulum subcompartment
	cell periphery			endoplasmic reticulum subcompartment
plant-type cell wall	membrane raft	nuclear outer membrane–endoplasmic reticulum membrane network	microvillus	
		extracellular region	cell periphery	endoplasmic reticulum
	pollen tube			
			cytosol	organelle subcompartment
