			MKS complex	non-motile cilium		PML body	transcri factor T comp	FIIK	guanylate cyclase complex, soluble	neuron projection membrane
				retrotransposon nu ciliary basal body		cleocapsid centriolar satellite	perikaryo	n	ciliary tip	dendrite membrane
SCF ubiquitin ligase complex			retrotransposon nucleocapsid	host	cell nucleus	nucleotide–excision repair complex	l niaem l	pole plasm	kinesin complex	neuron projection membrane cell projection membrane
Cul3-RING ubiquitin ligase complex										ciliary membrane
			plasma membrane		external side of		cleavage furro	W I	eading edge membrane	ruffle membrane
					plasma membrane  plasma membrane				plasmic side membrane	helical viral capsid
Cul3-RING		G protein–coupled rece	ptor	ionotropic	extrinsic component	presynaptic membrane	presynaptic r membrane bo		viral capsid viral nucleocapsid	
receptor complex intraciliary sumo ligase transport particle B complex ligase	quitin lig	-splicing ase nplex	heterodimeric comple	ex	glutamate receptor complex	of membrane	cell body membrane	cate	enin complex	viral capsid
