Genes lost in RVAR1 CC TreeMap

host cell membrane		receptor complex	extracellular space		plasma membrane		external side of plasma membrane	
host cell plasma membrane	cilium cilium	microneme	extracellular exosome extracellular region	extracellular vesicle	plasma membrane			
					dendrite membrane	virion mem	brane	
rhabdomere microvillus	tertiary granule	tertiary granule membrane			extrinsic			membrane
	specific granule membrane	specific granule		extracellular exosome	lipopolysaccharide receptor complex	component of	membrane	cell surface
