## Genes gained in DRAW1\_PELO1\_Crassi CC TreeMap

cell cortex of cell tip	medial cortex	host cell Golgi apparatus	prospore	prospore membrane		nucleus	virion component
	host cell cytoplasm	troponin complex	nuclear outer membrane	spindle pole	e body	myosin filament	virion membrane
voltage–gated potassium channel complex	meiotic spindle pole body	cell septum  dendrite	division septum Mis6–S		1 complex	cell septum	virion component viral tegument
gamma–tubulin complex	host cell nucleus	dendritic tree	somatodendritic compartment	inner kine	etochore	plasma membrane bounded cell projection cytoplasm	viral envelope viral membrane
