Genes gained in RVAR1 CC TreeMap

postsynaptic density			cell surface			recycling endosome			ionotropic glutamate receptor comp		neuron projection membrane	
	perikaryon	cell junctionase plate		ate	membrane	plastid stroma perinuclear endoplasmic reticulum		cis–Golgi network membrane	plasma membrane			
	dendrite	cell-cel	ll junction	mitochor	noring junction		perinuclear region of cytoplasm	plastid stroma	postsynaptic membrane	basolateral plasma membrane		
		apical p	apical part of cell		doplasmic um membrane ell junction	trans–Golgi network membrane	chloroplast stroma	PML body		apical plasma membrane	plasma membrane
